SAG HARBOR CINEMA
RESTORATION PROJECT
EXECUTIVE SUMMARY 2019

Sag Harbor Cinema Arts Center Executive Summary

The Sag Harbor Partnership (SHP) is a 501(c)3 nonprofit community organization dedicated to the preservation and enhancement of the quality of life in Sag Harbor. SHP purchased the historic Sag Harbor Cinema in January, 2017, in order to rebuild it as an independent state-of-the-art theater.

Later that same year, the Sag Harbor Cinema Arts Center (SHCAC), a new New York State registered 501(c)3 not-for-profit organization, was formed to operate the Cinema. It continues the restoration and expansion of the theater, to be dedicated to Cinema Arts. The rebuilding phase of this project will require approximately \$6M to rebuild the Cinema, and an additional approximately \$3M for an additional upper floor, projection and concession equipment, and staff.

History: In December 2016, a devastating fire caused major damage to the Village's historic Main Street. Among the buildings ruined was the iconic Sag Harbor Cinema - the only movie theatre dedicated to playing documentary, independent and foreign films on the East End of Long Island. A theater has stood in its location to serve Sag Harbor and surrounding communities for more than 100 years.

A group comprised of artists, filmmakers, real estate, finance and business people, leaders of other successful non-profit organizations, and local officials came together to save the 78-year-old Sag Harbor Cinema and to preserve it as both a great movie theatre and also as an educational center for the entire community. Please see a pro-forma budget we had done by the Jacob Burns Film Center, an abbreviated version of an economic impact study done for us by HR&A Advisors, and a listing of our Sag Harbor Cinema Arts Center, Advisory, and other Boards.

Naming rights are available for large donors as part of our capital campaign outreach. Please see below.

HIGHLIGHTS FROM THE CINEMA PROPOSAL:

For over a century, the Sag Harbor Cinema has been a landmark in the lively and culturally diverse Main Street district of Sag Harbor, New York, long a haven for writers, artists, and independent thinkers.

Designed by famous architect John Eberson, one of the great designers of “atmospheric” theaters, it has beckoned moviegoers since the 1930s with its classic art deco neon sign. It began as a vaudeville and burlesque theater in the 1890s, then became a silent movie house that evolved to show talkies, and since the 1970s remained one of the few single-screen art-house cinemas left in the country, thanks to the stewardship of Gerald Mallow. The December 16, 2016 fire that ripped through Sag Harbor’s Main Street, damaging several adjacent buildings, also caused the Cinema’s façade to be demolished, but the auditorium was largely spared and its iconic SAG HARBOR sign was salvaged from the rubble.

Technical Improvements

The renowned projection and sound specialists firm Digital Media Systems is advising the Sag Harbor Cinema Arts Center and collaborating with NK Architects to design the projection booths and determine the equipment necessary to achieve the highest quality presentation, along the lines—but not limited to—the following:

Main Theater

- 4K Digital Cinema Projection (with 3D)
- Dolby ATMOS Cinema Sound System
- 35mm Change-Over Projection
- 16mm Change-Over Projection

Repertory Theater

- 4K Digital Cinema Projection (no 3D)
- 7.1 Cinema Sound System

Screening Room Theater

- 2K Digital Cinema Projection (no 3D)
- 7.1 Cinema Sound System

Year-round

The main theater (200-230 seats) will screen the first-run independent, documentary, and foreign films the community has come to expect, but also Hollywood productions—marked by a strong director’s vision— that do not always make it to the local multiplex.

The repertory screening room (90 seats) will be used for a variety of series, including curated tributes and retrospectives

that will focus on a specific filmmaker, theme, genre or time period, and which may not have the same audience draw as first-run movies.

The third screen (approximately 44 seats) will provide further programming flexibility, by allowing longer runs of premier films or reruns of popular ones. It will also provide a reliable source of income when rented for private screenings, which are much sought after on the East End, and will double as a classroom.

For special screenings, artists, filmmakers, writers, critics and other experts from within the community and around the world will appear in person or via internet to give context for particular films, and to celebrate their special cinematic qualities, historical importance, and relevance to contemporary life. We have already begun successful programming at local venues with our American Values, Artists Love Movies, and now Present Tense Series, providing educational, inspiring conversations after each film is screened.

Collaboration and education with other local organizations

The Cinema Arts Center will forge partnerships with local schools, nonprofit organizations, and other stakeholders to engage in education, outreach, and community development programs. For example, we intend to:

- Work with local students and teachers to create afternoon film programs that complement their curriculum
- Call upon area experts to introduce screenings and educate audiences
- Host free screenings for schools and community groups
- Develop filmmaking workshops and cinema appreciation courses
- Cross-promote one another’s programs

These expanded learning opportunities will broaden our audience’s world view, while opening their eyes to the wealth of cultural and natural resources in their own community, whether they are year-round residents or seasonal visitors.

The Sag Harbor Cinema will be a venue for the most important film events in the area, such as film premieres and sneak previews, and will provide an additional venue for existing institutions like the various Film Festivals represented on the East End. We hope to work with other cultural institutions to offer destination events like weekends of stage and screen-coordinated programming, which will celebrate the history as well as the art of film.

SAG HARBOR CINEMA ECONOMIC & FISCAL BENEFITS

EXECUTIVE SUMMARY

For over 80 years, the Sag Harbor Cinema has defined the Hampton's village of Sag Harbor. Mom-and-pop shops line Main Street, many of which are open year-round even as seasonal residents and visitors pack up for the winter. The Sag Harbor Cinema has long been the lifeblood of Main Street, a place of entertainment, and a celebration of the village's creative roots. In December 2016, the Sag Harbor Cinema was tragically burned in a fire that brought down several buildings on Main Street. Today, a fast-acting proposal to reconstruct the Cinema presents an economic and cultural opportunity of enormous regional significance.

STUDY OVERVIEW

HR&A Advisors assessed the potential direct and multiplier economic impacts of the reconstructed Sag Harbor Cinema to Suffolk County and tax revenue to Suffolk County and the State of New York from the following activities:

- **One-time cinema construction**
- **Ongoing cinema operations**
- **Ancillary moviegoer spending** on or around Sag Harbor's Main Street
- **Off-season spending** generated by summer residents who would not ordinarily stay in the area

ECONOMIC & FISCAL IMPACTS

- **Jobs:** 45 construction jobs and 73 year-round and seasonal jobs at the Cinema and other local businesses
- **Wages:** \$2.25 M in construction wages and \$1.96 M annually in year-round and seasonal job wages
- **Economic Output (spending):** \$7.34 M in total economic output from construction spending and \$9.61 M annually in economic output from ongoing spending
- **New York State Tax Revenue:** \$3.41 M in State tax revenue over 20 years
- **Suffolk County Revenue:** \$2.14 M in County tax revenue over 20 years

ECONOMIC IMPACT STUDY PREPARED BY HR&A ADVISORS

This study, kindly prepared for us in summer 2017, provides an overview of the economic impact of the Sag Harbor Cinema on Main Street and its year-round economy.

ARTS, CULTURE & COMMUNITY BENEFITS

Cultural Venue

The Cinema's architectural character, ambitious programming, and community-centric mission can play a central role in developing Sag Harbor's brand as a cultural destination.

Vibrant Year-Round Economy

Creative and highly visible cinema programming presents a powerful force to extend the economy and attract vibrancy in Sag Harbor's winter off-season.

Workforce Development

The new, redesigned Cinema will provide invaluable resources to year-round residents, showing regularly scheduled film screenings and offering certificate programs, apprenticeship training, and facilities to support workforce opportunities in the film and post-production industries.
